THE SWORD INTERVAL

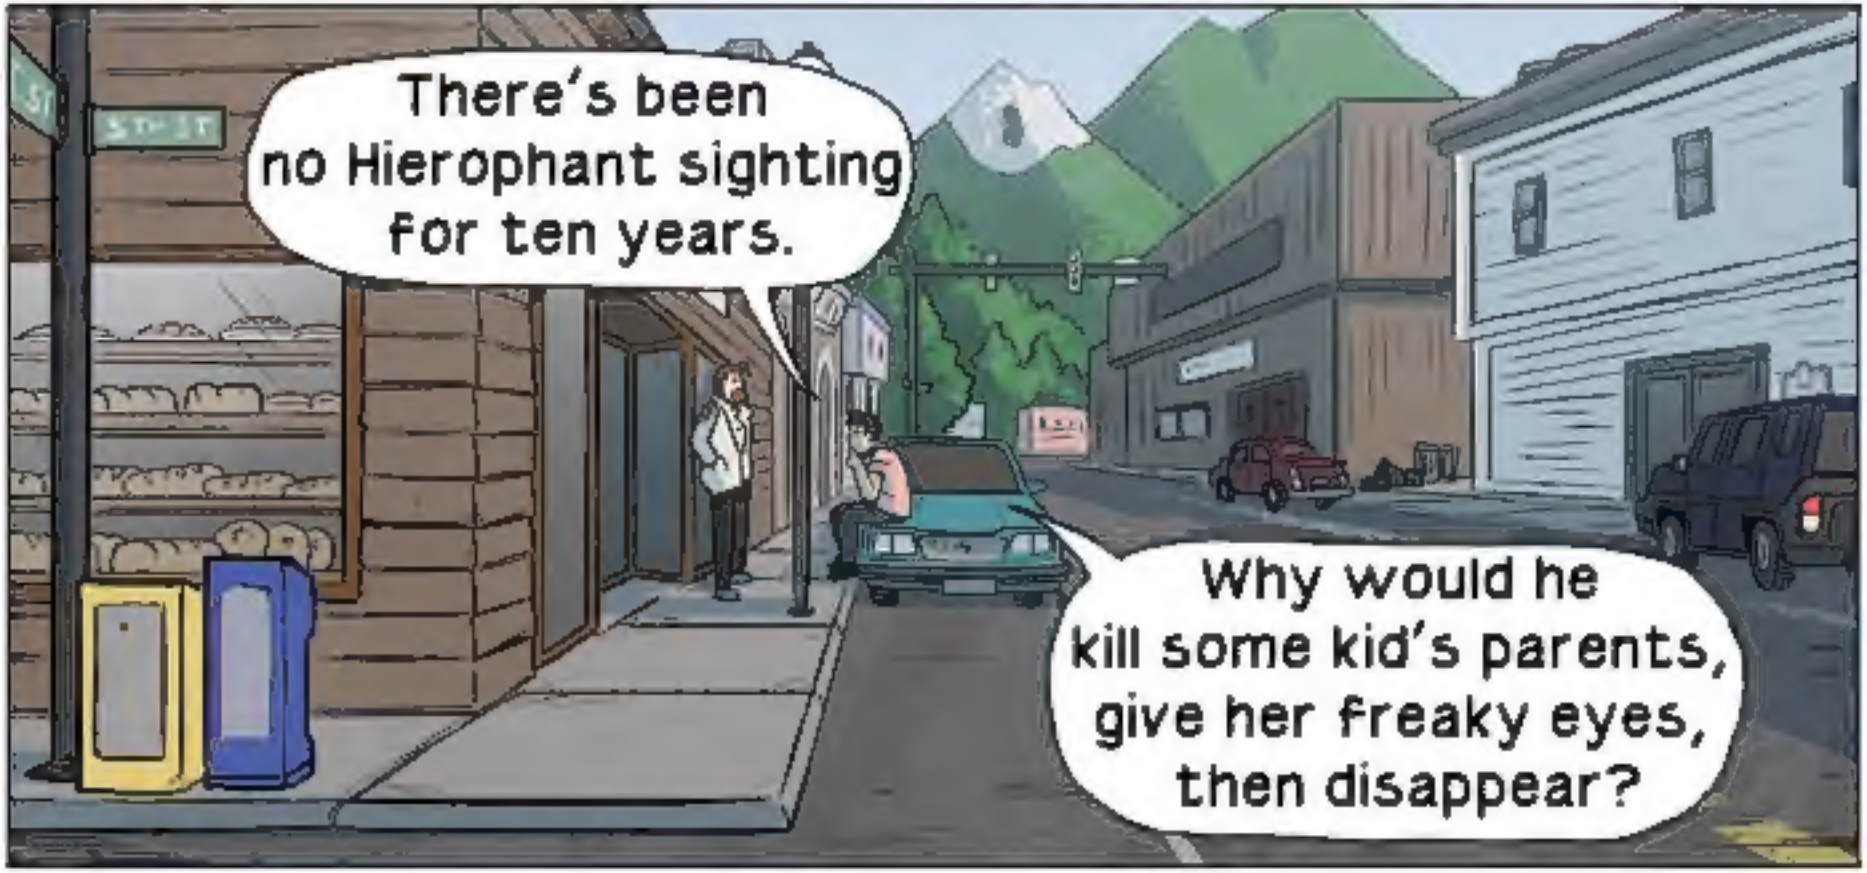
BY BEN FLEUTER

Please, David, you have to convince her to abandon this pointless crusade!
Pointless?

Tell that to all those people in Titan's Folly.
She... did well.

But that doesn't change that Ms. Barros is a member of our witness protection program.
We are simply concerned about her well-being.

See,
I don't know
about that.



There's been no Hierophant sighting for ten years.
Why would he kill some kid's parents, give her freaky eyes, then disappear?

For that matter, a witch like the Stygian Medusa? Her spells don't just backfire for no reason.
Someone must have warded Fall, and I get the feeling it wasn't Atlas.

Maybe your concern isn't that the Hierophant wants her dead. Maybe it's that he wants her alive.

And if you're like me...

...maybe that very notion sends a chill down your spine.

...
I think we're done here.
I'd say so.

ANNS BAKERY
We'll be keeping an eye on you.
I don't doubt it.

CRRRRRR

CREEEEEEE
Oh?

I'm welcome in, then?
